

# Knitted Polyester Applicator

Symmetrical, round knitted polyester tip, static dissipative polypropylene handle

## Description

This knitted polyester tipped applicator is non-abrasive and lint-free. The tip can easily stand up to IPA, acetone, and other solvents commonly used in clean rooms and other critical environments. It is ultra-sonically welded to a solid static dissipative handle.

## Dimensions

6" Overall Length (152.4 mm)

### Tip

- 0.236" Dia. (6 mm)
- 0.551" Length (14 mm)

### Handle

- 0.100" Dia. (2.54 mm)
- 5.984" Length (152.00 mm)

## Qualities

- Safe for static sensitive components
- Chemical resistant
- Low in NVR's and particle generation
- Lint Free
- Excellent wipe-dry characteristics
- Made in USA

## Applications

- Ideal for electronics and medical device manufacturing
- Suitable for optics and lenses
- Soft absorbent microfiber head has excellent wipe dry characteristics
